

Gatekeeper

*A **MAGICAL** weekend workshop on Energy Medicine for your physical, emotional, energetic, & spiritual immune system!*

With Ellen Meredith, DA, EEM-AP

Sept 29- Oct. 1, 2017 Tucson, Arizona

Ellen Meredith's ever-evolving, eye-opening **GATEKEEPER** material offers a new, larger paradigm for understanding and working with your physical, emotional, energetic, and spiritual immune system.

Your gatekeeper not only keeps you safe. It helps to maintain the identity of the Self and protect the sanctity of your inner truth; it regulates what gets funded by your energy systems; and it acts as your habit keeper and auto-pilot. It plays a large role in both illness AND wellness.

This full-weekend workshop offers theory, hands-on supervised practice, and exciting new tools to help you:

- Expand your understanding of energetic gatekeeping;
- Learn how all the energy systems influence immune system functions;
- Deepen your hands-on skills with new techniques and protocols designed to give you more ways to communicate with your gatekeeper;
- Learn how to clear templates for dysfunctional energy flow from the auric field; and
- Learn how to address "cosmic whack" and other energetic events that unground and discombobulate the body's energies.
